

In 2010, KELLERHALS ATTORNEYS-AT-LAW are listed, once again, among the leading Swiss law firms by the international guidebooks on legal services providers „Legal500“ and „Chambers“.

Our firm was named one of the leading Swiss law firms in the fields of Mergers and Acquisitions, Capital Market, Banking and Finance, Corporate Law, Litigation, Intellectual Property and Tax.

The attorneys of KELLERHALS are, according to „Legal500“, especially well qualified to advise midcap-clients in a wide array of matters of corporate law and are recommended by clients notably because of their outstanding professional skills, their entrepreneurial, pragmatic approach and their efficient and swift handling of mandates. These surveys are based on research done by the editorial staff as well as on interviews with attorneys, corporate counsels and clients.

„Chambers“ especially recommends, inter alia, Werner Schubiger and Dominik Oberholzer in the category Investment Funds, Bernhard Berger in the field of Dispute Resolution, Daniel Staehelin for Restructuring/Insolvency and Beat Brechbühl for M&A.
